Global Internship Opportunities

City Internships runs immersive career training programs for college students and recent graduates. They’re designed to expand participants’ horizons and get them job-ready. For each program, on top of hard and soft skill building at weekly career seminars, workshops and networking events, participants undertake an internship placement at one of our partner companies. Students and graduates develop real-world skills, build their professional network and fast-track their career.

Places are allocated on a first-come, first-served basis. Interested students are advised to apply ASAP to secure a spot. You can read more about the program in: [http://city-internships.com/](http://city-internships.com/)

I have included more information on what students achieve through the program towards the end of this communication. Please do not hesitate to contact me directly if you have any questions.

What’s included:

- An eight week placement with a leading company
- Career seminars, skills workshops & networking events
- Social events & weekend excursions
- Local mentorship & 24/7 support
- Optional accommodation package

What participants achieve:

Real-world experience

- We offer an internship in students’ chosen industry that makes their resume glow and will have hiring companies lining up to meet them.

Broadened horizons

- Students make lasting international friendships, see what it means to travel and experience life in a new city.

Professional network

- Students meet like-minded go-getters and leading industry experts at exclusive networking events; invaluable connections to kick-start their career.

Improved skillset

- We offer the opportunity for students to convert their theoretical knowledge into workplace dexterity with a slice of professional life and career-enhancing weekly seminars.

Career readiness

- Students realize their career direction and earn the hard and soft skills that the world’s leading companies notice.
